Questions? We have Answers!

Have you ever wanted to try laser hair removal, but it was too expensive? We have created an affordable timed based treatment program for you!

- + What areas of the body can be treated with laser hair removal?
- + Is laser hair removal painful or uncomfortable?
- + How many treatments will I need?

How Does Time Work?

We have broken our treatment plans in to time segments that will fit your budget. We aim to deliver the best results for the pesky hair you want to remove. The times range from 15 minute, 30 minute and 60 minute time programs. This promotion is for the 15 minute program. Within industry standards we look to treat for 12 months for the best optimal reduction in hair growth but what sets us apart is we do not hold you to a contract. We require a 30 day notice to discontinue the program.

After a FREE consultation we can discuss what areas you are interested in having treated.
